

Certiseal® 1565

Pre-Coating & Polishing Agents

A high performance, economical, aqueous coating system for the Confectionery industry. For pre-coating, Certiseal 1565 provides unsurpassed protection against oil migration from centers to building layers while allowing superior adhesion of the engrossing layers. As a polishing-agent, Certiseal 1565 produces an ultra-smooth surface along with a brilliant, high gloss in preparation for the final glazing step.

- Brilliant, long-lasting, high gloss
- Quick, smooth, uniform dispersion
- Fastest application time (< 30 min.)
- SQF Level 3 manufacturing facility
- Preservative free options available (Certiseal 1465)
- Aqueous, gum-based
- GRAS ingredients
- Produced in the USA
- Ethanol/IPA free
- Easy to use
