

# Panned Sugar Shell & Soft Sugar Shell

Panned and soft sugar-shell coatings deliver both shine and protection. Everything you need for a flawless finish.

- Delivers brilliant gloss finishes
- Protects against moisture, sticking and scuffing

## Anti-Stick & Polishing Agents

- **Powdered Carnauba Wax** – natural, kosher powder used to polish and give sheen to sugar-shelled confections.
- **Licabee** – a paste that boosts gloss, speeds up polishing, and helps avoid white spotting.
- **Certicoat**<sup>®</sup> – a liquid polishing agent in finishing various hard and soft sugar-shell panned candies, creating a high gloss finish without causing white specs or color muting.

## Protection Glosses (Shellac-Based Glazes)

- **Crystalac**<sup>®</sup> & **Sparkle Glow** – Specially formulated shellac based glazes that provide brilliant shine with less tack.
- **Crystalac**<sup>®</sup> – also available in organic, low-VOC, and vegetable-based variants.
- **Crystalac**<sup>®</sup> **One-Step Polish** – fast-drying and super easy to apply.
